

Taste of the Wild PREY™

The Pursuit of Simplicity™

So, you're a label reader? Good. Because that means when it comes to nutrition, you pay close attention to the ingredients in your food. And evidently, that goes for the food you feed your pet as well. Taste of the Wild PREY limited ingredient diets are a simplified approach to dog food based on the canine's native diet. We take pride in every ingredient that goes into PREY so you can take comfort in feeding it to your canine companion.
